General Linevitch hasn't cheaped but we know that 'way down in his heart he's got a feeling' for Col. Roosevelt for doing like he did in the nick of time.

The Raleigh Elks will soon begin the erection of a Home on Salisbury street, near Martin street. It will cost $30,000 and will be a handsome affair. The Raleigh lodge now has 150 members, and is in a flourishing condition.

The patient of a doctor at Chester, Pa., jumped out of bed and threw himself in front of an express train which mangled the man in the usual way. No patient has a right to reflect like that on a doctor's method of accomplishing the same result by slow degrees.

Says the Charlotte News: "It is time for Mr. Blackburn to apologize to the public. He stated that the Greensboro investigation would result in a fizzle. It may have been a fizzle, but it was not the kind that people usually think of as meaning a failure." Oh, probably the Republican Congressman meant that the trial instead of the investigation would be a fizzle.

When President Roosevelt returns from Oyster Bay to Washington, he will find a crank preacher laying for him with a "one minute sermon." One has given out this as the sermon which he feels bound to deliver to the President: "Three musts: 1—You must die. 2.—You must go to the judgment. 3.—You must meet God's word as your judge. Amen."

Says the Charlotte Observer: "From the time the Governor of North Carolina seems to be having up in New England the presence of the Governor of South Carolina is not necessary." Well, it's to be presumed that the New Englanders know enough to amuse Governor Glenn with occasional references to the historic remarks of the Governor of South Carolina about how to keep time from dragging on the hands of a lot of gentlemen who don't get together very often.

SOUTHERN NATIONAL BANK.

Charter Issued Yesterday, Business Will Begin Monday Morning.

The charter for the Southern National Bank will be here to-day and everything will be in readiness for the beginning of business on Monday. The outlook is very encouraging and indications are that the bank will start off in great shape. Mr. Chas. N. Evans, cashier of the new bank, yesterday received the following telegram from the Comptroller of Currency authorizing the bank to begin business:

Office of Comptroller of the Currency, Washington, D. C., September 15, 1905.

Chas. N. Evans, Cashier The Southern National Bank, Wilmington, N. C.

Transportation on the River.

Fayetteville Observer: "It is gratifying to note, both from the freight receipts in the river news of the Wilmington papers, and from the freight movement in this city, that steamboating on the Cape Fear river is enjoying a measurable return of old-time prosperity, and that business along the stream and at the terminals is steadily increasing. Travel on the Cape Fear is also regaining some of its former popularity, and many embrace the opportunity of taking this quiet but very pleasant river ride. What a magnificent waterway of transportation and travel the Cape Fear river will be when the grand scheme of navigation improvement shall have been accomplished!"

Funeral of Miss Bloodworth.

The funeral of the late Miss Bloodworth was conducted at 4:30 o'clock yesterday afternoon from the residence of Capt. E. G. Parmele, on Princess street. The services were by the Rev. N. M. Jacobs, W. W. Hodges, Harry Hill, Jas. F. Post, Jr., Thos. R. Post and Eugene Phillyaw.

Stole Jacobi Axes.

Louis Lavendar, a notorious thief, was picked up at Fourth and Bladen streets yesterday afternoon by Policeman D. W. Walker and sent down to the police station on a charge of larceny. Lavendar had in his possession eight or ten new Jacobi axes which he could not satisfactorily give an account of. The police are looking for an owner for the axes and a case will doubtless be made against the negro in the police court today.

THE W. L. I. BAZAAR

Central Executive Committee Had Enthusiastic Meeting at Armory Last Night

[illegible]BER 3RD, 4TH AND 5TH

Sub-Committees Named to Have in Charge All Departments of the Work—A "Veteran's Night" and Other Features.

The elaborate bazaar by the Wilmington Light Infantry for the benefit of its armory fund will very probably be given Wednesday, Thursday and Friday afternoons and evenings, October 3rd, 4th, and 5th. Tentative arrangements to that effect were made at an enthusiastic meeting of the Central Executive Committee last night, the exact date having been left open in order that a change might consistently be made in the event the lady friends of the company, whose support and assistance will be enlisted, do not find it convenient, for any reason, to co-operate with the soldier boys on the particular dates mentioned. The assistance of the ladies will be secured through the Daughters of the Confederacy, who have ever responded nobly to any call from the Infantry.

The meeting of the Central Executive Committee last night was presided over by Lieut. Thos. R. Orrell, chairman, other members of the committee being Sergeant George Davis, Corporal Tom Gause, Privates Fred Banck, L. B. McKoy, Lieut. Hatch and Capt. Robertson. Aside from discussing general features of the proposed bazaar and appointing a time for the culmination of the rather ambitious undertaking, nine special or sub-committees were named to have in charge the detail work of the bazaar. The committees are as follows:

Entertainments — George Davis, chairman; Capt. W. F. Robertson, McMillen, Potts, Myers.

Music—H. Davis, chairman; Bowden and A. C. Smith.

Ladies' Aid—J. Gause, chairman; H. B. Peschau, Catlett, Lynch, Tillery, E. F. Peschau, W. L. Moore, MacRae, Southerland.

Lights — Lieut. Hatch, chairman; Bell, Jenkins.

Booths—Paul Cantwell, chairman; Walker, Whitney, Little.

Election of Queen—Potts, chairman; Meares, Watters, R. H. McKoy.

Donations—Tom Gause, chairman; E. Holmes, N. Orrell, Banck.

Country Store — Hall, chairman; Mills, Morse, P. Holmes, W. L. Smith, Jr.

Advertising and Printing — Capt. Robertson, chairman; T. R. Orrell, L. B. McKoy, Post, Royall.

All the committees are requested to meet at the armory at 7:30 o'clock Monday evening for the purpose of organizing the work more systematically.

A number of fancy booths, an ever popular "Country Store" and an improvised stage will be erected on the beautiful lawn of the armory and there will be lots of entertainment in every department of the elaborate affair.

On the first evening on the bazaar light theatricals will be presented on the stage, with music by an orchestra and a special quartette of trained voices.

The second night will be "Veterans' Night," and it is proposed to have three addresses from local and perhaps, a visiting speaker of prominence.

The third night will be given over to ceremonies attending the crowning of a queen to be chosen in a popular voting contest at one of the booths during the three nights of the bazaar. The ages of the candidates will be restricted from six to sixteen years of age. The election of the queen will be upon a high plane and it is expected the contest will be quite exciting.

Every night during the bazaar there will be music and dancing in the armory and the affair promises to be quite a social attraction.

MAXTON POSTOFFICE CASE.

Postoffice Inspector Buck Secured Confession from Robeson Negro.

Postoffice Inspector S. H. Buck arrived in the city yesterday from Maxton and Lumberton, in Robeson county, where he had been in connection with a case before U. S. Commissioner B. F. McLean, at Maxton, in which John McLeod, colored, was charged with breaking into the postoffice at Old Hundred, N. C. McLeod was arrested Monday by Commissioner McLean. The negro had 350 pennies, which he was attempting to exchange for $2.50 in silver and an "Eagle" key was found on his person. The latter is used in locking mail pouches and it a violation for a person to have one of the keys in his pocket unless he is in the postal service.

Inspector Buck got to Maxton in time for a part of the hearing and succeeded in securing an open confession from the prisoner, at the same time implicating another negro. McLeod was bound over to the Federal Court at Wilmington under $1,000 bond in default of which he went to jail at Lumberton.

"Country" John in Court.

The adventure of "Country" John Williams and Mr. M. L. Fields, a merchant on South Front street, was aired in Justice Bornemann's court yesterday. "Country" John said he was unwillingly for Justice Bornemann to pass upon his guilt or innocence, so Justice Furlong was called in and while Justice Bornemann "sat upon" the case of Mr. Fields, Justice Furlong observed the current of testimony as to "Country" John. Mr. Fields was found technically guilty of an assault, but was let off with the costs. "Country" John was fined $5 and costs by Justice Furlong in default of which he went to jail.

NOT FEDERAL COURT AFFAIR

Judge Purnell Dismisses Police Justice Case—Writ of Habeas Corpus for Hospital Attendants.

(Special Star Telegram.)

Raleigh, N. C., September 15.—Judge Purnell in the Federal Court announced to-day his decision dismissing the application for a writ of habeas corpus in the cases involving the right of the Raleigh Police Justice and all similar courts to find prisoners guilty of a common law offense without trial by jury. The ruling is on the ground that no Federal question is involved and the State has the right to control its police regulations.

Application was made to-day to Justice Brown, of the Supreme Court, for a writ of habeas corpus for L. R. High, J. C. King and Jack Peele, in the Wake jail, charged with causing the death of Thomas Nall, a patient at the State Hospital, by maltreatment. The application is the result of testimony of medical experts before the directors of the institution that the patient died of natural causes. Bail is demanded. The hearing will be September 18th.

Governor Glenn wired from Concord, New Hampshire, to his Private Secretary to honor the requisition of the Governor of South Carolina for John Fisher and Charles O'Day in custody at Wadesboro to answer the charge of grand larceny and housebreaking in South Carolina. They were held for a minor offence at Wadesboro, and are believed to belong to the gang of bank and postoffice robbers, but the strongest case against them is in South Carolina.

The remains of W. J. Hicks, Jr., 19 years old, a grandson of Col. J. W. Hicks, superintendent of the Masonic Orphanage, at Oxford, were brought here for interment this evening. He was killed at Lexington by being caught between two freight cars of the Southern Railway. He was a brakeman, and went between the cars to adjust a coupling when the train came together unexpectedly, and caught him. The fatal injuries were internal.

JR. O. U. A. M. ORPHANS. HOME.

George Washington Council Duplicates Appropriation of Jeff Davis.

At the regular meeting of George Washington Council No. 67, Junior Order of United American Mechanics, last night, the cause of the proposed Jr. O. U. A. M. Orphans' Home was presented by William J. Bellamy, Esq., chairman of the State Council Committee having the matter in hand and Grand Representative from North Carolina. The question of an appropriation was received with enthusiasm and the council at once unanimously decided to duplicate the amount of $500 subscribed by Jeff Davis Council, of this city, a few weeks ago.

The Wilmington councils have been pioneers in the movement for a home for the "fatherless ones" and have given liberally in support of the proposed institution. If the sixty-odd other councils of the order in the State will respond as nobly and as promptly as have the Wilmington "Juniors," the home can be built at once and built magnificently. Wilmington has set a good example. It is for the sister lodges in the State to follow suit.

JAPANESE MINISTER COMING.

Will Speak of His Country and His People To-Morrow.

Rev. Watura Sakakibara, a Japanese clergyman of the Episcopal church, a graduate of Sewanee University and a son of a Shinto priest in Japan, will arrive in the city to-day from Raleigh, and will speak briefly of his own conversion, the position of Christiantity in Japan and will give some lessons from the recent war and the relation of America to Japan, at St. James' church to-morrow morning at 11 o'clock and 8 o'clock P. M. A cordial invitation is extended to all to hear the distinguished visitor. While in the city Rev. Mr. Sakakibara will be the guest of the rector of St. James' at the Colonial Inn. He has been thoroughly educated in this country and is thoroughly qualified to speak for his country and its people. He is a graduate of the University of the South and is clergyman of the Episcopal church. He expects to pursue his studies further at the Columbia University in New York.

Death of An Infant.

Friends of Mr. and Mrs. T. H. Britt will sympathize with them in the death of their youngest child, Ralph Burton, aged 18 months, which occurred yesterday morning at 8:15 o'clock. The funeral services will be held at the family residence on Church street this morning at 8 o'clock and will be conducted by Rev. A. D. McClure, D. D., pastor of St. Andrew'sPresbyterian church. The remains will be carraied to-day on the morning northbound Coast Line train to Clinton, where the interment will be made.

Cotton and Naval Stores.

The local cotton market yesterday was steady at 10 1-8 cents for middling. New York spot was steady at 10 3-4. Local receipts yesterday were 1,761 bales against 1,461 same day last season. Receipts for the week ended yesterday were 11,330 bales against 4,697 bales same week last season. Since Sept. 1st, the receipts have been 18,374 bales against only 6,416 up to a corresponding period in 1,904. The receipts of naval stores during the past week were about the same as last year, except a very decided falling off in tar.

Last Excursions.

The three excursions to Wilmington yesterday, closing the excursion season for this year, brought less than a thousand people, all told. Hatch's excursion from Goldsboro brought about 300, and another from Clio, S. C., brought the same number. The excursion from Bishopville, S. C., brought only about 250. The trains returned last night at 8, 8:30 and 9 o'clock respectively.

ADVERSE CRITICISM

Public Seems to Think It Time for Aldermen to Call a Halt

MEETING THURSDAY NIGHT

Alderman Johnson Did Not Appear In Response to Mayor's Summons —"Strictly Vaudeville" or High Class Farce Comedy.

The very turbulent session of the Board of Aldermen night before last was a prolific source of discussion on the streets yesterday and brought forth a whirlwind of adverse criticism from the general public, which seems to have an idea that it is about time the war should end and the Board should get to work. A few of the more dignified characterized the meeting as an outrage and disgraceful, according to the newspaper and street reports of the scenes, while those inclined to indulge themselves in lighter vein pronounced the meeting "strictly vaudeville." One wag took exception to the latter appellation and said it was strictly "farce comedy," if he knew anything about theatricals and that both matinee and night performances were given, which was more than the public bargained for.

But, seriously, wherever the responsibility lies, the public seems tired and disgusted with so much dissension and strife on its principal governing body and it is to be hoped that some members of the Board, who appear to be walking around with chips on their shoulders, will bury the hatchet after the proceedings of Thursday night and get down to business.

Chief interest attached yesterday to the summons served upon Alderman Johnson by the Mayor before the open Board the night before. He was called upon to appear before the Mayor yesterday and give any evidence he had knowledge of as to the existence of houses of bad character in the city, of which he made so terrible an arraignment during the meeting. In addition to the personal summons of the Mayor, the Chief of Police was directed at the same time to serve a subpoena upon Mr. Johnson to appear and testify. The subpoena was not served. It appears Mayor Waddell, after reflection, found that a subpoena could not issue to compel the appearance of Mr. Johnson and he said that if the member did not care to come forward on the personal summons the night before, he did not care to attempt to make him come. The legal opinion was that such a subpoena could only issue from a grand jury and no Mayor or magistrates could compel the attendance of a witness except in a case in which some defendant is arraigned.

The current of the talk yesterday was about as given above and the sentiment is what it is worth.

WINGATE ARANCE.

Sensational Case at Tarboro Called in Court Yesterday.

(Special Star Telegram.)

Tarboro, N. C., Sept. 15.—Robert Wingate, the young white man of Rocky Mount, who is charged with an attempted criminal assault and also a simple assault upon the person of Mrs. Jos. Knight, of this place some weeks ago, and who was removed to Raleigh from his place of incarceration in the county jail here through the fear of being lynched and was subsequently released through habeas corpus proceedings, failed to make his appearance at court when his cases were called to-day and judgments nisi were entered against his bondsmen in each case. Wingate was in Tarboro Tuesday and Wednesday and is said to have gone to Rocky Mount preparatory to returning for trial Thursday. It is surmised his nerve failed him after missing the early morning train and much surprise was occasioned by his failure to appear.

MR. McGEACHY AND BRIDE.

Entertainer In Their Honor at Lenoir This Week.

(Special Star Correspondence.)

Lenoir, Sept. 13.—Mrs. D. P. McGeachy gave a reception Tuesday from 5:30 to 7:30 o'clock, complimentary to the charming bride of Mr. Alex McGeachy, of Wilmington. Vases and jardinieres of creamy dahlias and crimson zenias added brilliant touches of color to the parlor and hall. The dining room was very pretty with beautifully tinted roses, and was softly lighted with candles. Elegant refreshments were served by Misses Stella Cloyd, Mary Henkel and Luola Gwyn, favorites of the junior set. The gracious hostess was assisted in receiving by her sister, Miss English, of Richmond, who has won much admiration during her visit among us. A large number of friends were present to enjoy the hospitality of the Manse, and all expressed the desire that Mrs. McGeachy will again visit Lenoir.

"REUBEN IN NEW YORK."

Sale of Seats This Morning For Monday Night's Show.

When the merry and funny farce comedy, "Reuben in New York" makes its appearance at the Academy of Music Monday night, an avalanche of fun may be expected. "Reuben in New York" is all that the newspapers claim for it; a perfect hurricane of laughter with its pretty girls and nonsensical comedians. Not a second during the three acts are the situations allowed to droop or drag, and laugh after laugh, and scream after scream is literally dragged from the audience, who at the end of the performance wishes the return of so popular a company of farceurs. The sale of seats commences at Plummer's this morning.

FIELD'S GREATER MINSTRELS.

Something of Features of Big Aggregation Coming Tuesday Night.

The sale of seats for Al G. Field's Greater Minstrels at the Academy of Music Tuesday night will open at Plummer's Monday morning and there is every indication that the sale will be large. Of the Field production this year the Indianapolis News says:

The first part, which shows a handsome interior he has christened "The Gridiron Club," getting the name from the famous Washington club. After all it really approximates the old-fashioned first part with its row of black-faced minstrels on the end; its interlocutor and its bunch of gayly dressed white-faced singers with the musicians back of them. Here was the best singing of the evening interspersed with good jokes of the old minstrel kind, most of them new, all of them laughable. Here was Reese Prosser, who made a hit with his ballads, "When My Sweetheart Whispered Yes," and "A Message from Home, Sweet Home," which were loudly encored. Harry Earnest made a hit with "I Wonder if You'll Miss Me." Other songs that were enjoyed were "Nellie Dean," by Gilbert Losse: "My Old Sweetheart," by B. B. Bathrick, and "He's My Pal," by George Blye. Then came the comedians with their cheerful ditties, chief among which was the song, "Nobody," by Billy Clark, who also sang "Gimme de Leavin's." Tom Powell sang "Parson Jones" in a way to make the house pleased, and Dave Nowlin sang "Hallelujah," while John Healy sang "Old Black Joe" in the good, old-time way. Then came the Gridiron Club with burlesques on Chauncey Depew, Admiral Togo, Carrie Nation and others.

The olio was short, but good. Powell and McClain, the "Darktown Band," did a clever musical stunt; the Quaker City quartet sang songs well; Ryan, Lester and Ryan did an acrobatic act that won much applause and which was a distinct addition to the show, and then came Billy Clark, who kept the audience laughing half an hou with his clever monologue. The last part of all was the "Dances of All Nations," in which Scotch, Indian and Spanish, sailors and negro dances were introduced with elaborate scenic effects. The biograph was called on to aid the scenic effects in some of the dances and the pictures of the Spanish bull fight were intensely realistic and exciting. Another fine scene was the sea picture, with the battleships showing and the sailors in front dancing the hornpipe. The Scotch scene was also good, with its kitties, including the black-faced kilties, and the whole ended with the "Feast of Flowers," which introduced a genuine darky hoe-down, a riot of melody and fun. Throughout, the show moved quickly and entertainingly; there was a heap of fun in it, much laughter and healthy amusement, and altogether it was an auspicious opening of English's season.

IN YE OLDEN TIME.

Reminiscences of the State Guard Back in Fifties.

Speaking reminiscently of target shooting in the old days, in connection with the 112th anniversary celebration of the Independent Light Infantry yesterday, the Fayetteville Observer contains the following of local interest here:

"Back in the fifties there was a very impressive celebration by the Independent Light Infantry, who had as their guests the Wilmington Light Infantry, the captain of which was Col. W. L. DeRosset, father of Mrs. W. L. Holt, of this city. On that occasion two rival marksmen of the Independent tied over and over at the target, and finally, not to delay the other exercises, the issue of their contest had to be postponed to a future day.

"The Wilmington Light Infantry went from here to Raleigh to be present at some ceremonial, and they marched overland, as there was no railroad in those days. A notice was given that the company would take luncheon on Harrington Hill, and that any Fayetteville people feeling disposed could send something out for a snack. The hospitality of the old town asserted itself in a collection of viands sent out to Harrington Hill toll-house, kept by our old friend Hinton James, amounting to at least one large basket of choice food and one large bottle (probably milk) for every commissioned and non-commissioned officer and enlisted man in the corps.

"Tradition has it that the only Wilmington soldier overcome by the milk, and carried on towards Raleigh in the wagon was the man who 'never drank anything.'"

The Great Eastern Band.

The Great Eastern Band, recently organized here by leading musicians of the city, had another highly satisfactory practice last night and is now open for engagements. The band is large, well balanced and promises to be quite valuable during the Winter months.

New Vehicle Inv[illegible]
Mr. Franklin [illegible] well known inventor [illegible] Brunswick county, was in the city yesterday with three new inventions in vehicle appliances. One of them is an adjustable shaft brace permitting the "trueing" of buggy wheels from the shafts in a moment's time, another is an adjustable wire spoke wheel for buggies, bicycles or automobiles and the third is a detachable crank axle, which possesses many points of advantage over former inventions in the line. Mr. White has secured patents for his new ideas, which promise to bring the inventor "fame and fortune."

THE INLAND CANAL.

Considerable attention is now being given to the long projected waterway which it is proposed to devlop though the sounds and estuaries from the New England coast to Florida. Men who are old enough can remember that thirty years ago this proposed canal was agitated and at one time the government had a part if not the whole of the route surveyed. We remember to have seen one survey which came down through the sounds of North Carolina, passed through Wrightsville, Greenville and Masonboro Sounds and into Myrtle Grove Sound which ends at Carolina Beach. From the terminus of the sound there the plan was to cut a canal across the cape into Cape Fear river, about opposite Town Creek and thence utilize Town Creek and cut a canal from its headwaters into Waccamaw river through which the waterways of South Carolina can be reached. Thence the project continues inside the ocean line to Florida.

Congressman John H. Small, of the First North Carolina District, and Congressman Chas. R. Thomas, of the Third District of this State, have been specially active in promoting this enterprise, and the project covers such a wide stretch of country and its importance is so conspicuous that there is awakened interest in it from Massachusetts to Florida. The Baltimore Sun of Thursday makes this interesting editorial reference to it:

"The proposition that the United States shall construct a canal with 12 feet of water from the Chesapeake bay to Jacksonville, Fla., is one of great interest to Baltimore. The strategic value of such a waterway in time of war would undoubtedly be great, as, after its construction, the completion of the Cape Cod canal would give a protected way for vessels of light draft along the entire Atlantic Coast south of and including Massachusetts bay and to small war vessels from Baltimore and Washington to the southern extremity of Florida. But this would be a small consideration in comparison with the value of the canal as an avenue for trade. It would not only avoid the dangers of one of the most tempestuous portions of the Atlantic, around Cape Hatteras, but would bring the vessels close to the farms, the towns, the villages and cities of the entire Atlantic seaboard of the Southern States. At Jacksonville the canal would connect with the Indian river canal, a waterway now nearing completion which extends all the way to Key West. There is already a canal connecting the waters of the Chesapeake at Norfolk with the North Carolina sounds. But this is not near so deep or wide a channel as that proposed by the government. A 12-foot canal of sufficient width would admit our bay and river craft of large size. Such a canal would interest or cross a great number of navigable rivers, and they would be feeders to the commerce which the canal would carry. It would, indeed, form an avenue to market for the products of almost the entire slope between the mountains and the sea in the South Atlantic States. For a large part of the proposed route it would only be necessary to improve natural waterways—sounds, inlets and rivers. With such an avenue for trade, boats loaded with the fruits, vegetables and other products of the South could speedily reach the best markets with the smallest possible cost of transportation. Baltimore would be the chief distributing point for this trade, and Baltimore commercial interests are especially interested in it.

"A board of army engineers has recently been appointed to make surveys for the canal, and it is understood that this board, before beginning the survey, will hold sessions in Baltimore and at various places along the proposed route, namely, at Norfolk, Edenton, Elizabeth City, Washington, N. C., Newbern and Wilmington, when an expression of the opinions of business men and other citizens will be invited. Some time ago a survey for a canal 16 feet deep was made and the cost was estimated at $10,000,000. The chairman of the House Committee on Harbors and Rivers considered such an expenditure too great, and now it is proposed to see what a 12-foot canal will cost."

If the promoters of the enterprise can get Congress to make the survey, we hope the business men of Wilmington will have Capt. E. D. Williams' scheme included. His suggestion is to cut a canal from Topsail Inlet to Harrison's Creek, Pender county, and through it come into North East river and then by Wilmington through the Cape Fear. If that is practical, Wilmington would then be directly on the route of the great waterway.

The "Toast of the Town" is a New Play," but many a company will cause it to be the roast of the town.

CURRENT COMMENT.

—One of the proofs that there is no beef "trust" is that the buthcher makes his customers pay cash.—Baltimore Sun.

—Now Portsmouth goes back into the jukship along with Esopus and other towns where something happened one.—Baltimore Sun.

—Lieutenants Fritzhugh Lee and U. S. Grant are to be military aides at the White House. This announcement would have rejoiced the latter days of their respective grandfathers.—Durham Sun.

—We knew something would happen when Gov. Glenn went up to New England, but had no idea it would snow. Telegrams to The Record to-day show that it is snowing there, with the temperature down to freezing.—Greensboro Record.

—The number of buyers reported in the Northern markets this all seem to indicate a prosperous season for the people of the country. When the farmer has money the rest of the country feeds well and lives high.—Florence Times.

—The Washington Post remarks that the Afro-American Press League has succeeded the Populist party as a National Jeremiah, and adds that "as soon as a negro decides to quit working he promptly becomes an Afro-American."—Macon Telegraph.

—North Carolina people are waking up to the idea that they can do business at home and not send all the money to enrich other States. If you don't believe this just look at what the insurance companies of the State are doing—Greenville (N. C.) Reflector.

—We recognize no distinction as to graft, whether it is found in government or corporate business. In both cases it arises from corrupt administration because of the presence of dishonset men. The remedy in one is the remedy in the other, and that is to "turn the rascals out," and the parallel is not broken because one is strictly a government business and the other is only a supervisory one of it.—Columbia Record.

—The world once convinced that Britain, France and the United States thoroughly understood each other and were prepared to permit and sustain the free action of every power within its own due sphere only, we had the surest guarantee of universal peace for the next half century. No need for America to enter into any formal alliance. She is for those powers only that respect the Monroe doctrine.—Louisville Herald.

—Surely the negro is justified in the belief that it has come upon evil times. He is "turned down" by the Maryland Republicans; he is refused hotel accommodations in Massachusetts; and now the word comes that in Kansas City, in the State of John Brown, the authorities have decreed that hereafter there shall be "Jim Crow" schools, whites and black being separated. The puzzled colored brother is ready to exclaim, "Where are my friends that used to be?"—Columbia State.

—The Japanese take their politics very seriously. The public man who has incurred the displeasure of the politicians and the masses is not sure of his life. Count Okuma, the founder of the progressive party, was nearly the victim of a bomb thrown by an assassin. As it was he lost a leg. His offense consisted in making consular treaties with European powers. Count Itagaki, a liberal leader, was despenately wounded by a fanatic. Many of Japan's leading statesmen have been near death's door because of the acts of political enemies. It is hoped that the emperor's "virtues" will shield Baron Komura from harm when he returns home in a few weeks. The political assassin is out of place in a civilized country.—Baltimore Sun.

—Mrs. Snooks—To what, sir, do you attribute your success as a salesman? Mr. Sellem—If a customer doesn't see what he wants, I make him want what he sees.—Cleveland Leader.

—Molly—He is a student at one of the big colleges. Polly—Nonsense. He talked with us for an hour when he was here yesterday and never used a bit of slang.—Somerville Journal.

—Friend—I suppose you're always glad to get a patient who's never had any bad habits. Doctor—Indeed 'm not. Friend—How's that? Doctor—Why, man, I can't order him to stop anything.—Pittsburg Post.

—Peckham—I have been asked to join the "Married Men's Club," my dear. Mrs. Peckham—Indeed! And what do married men want a club for pray? Peckham—Why, misery loves company, you know.—Chicago News.

—"What we want most in this country," said the political reformer, "is an honest count." "They ain't no such thing," remarked Nuritch. "I know all about them counts 'cause my daughter married one of them. They're no good."—Philadelphia Press.

—Mrs. Newbryde—I got some hams here last month that my husband liked very much. Have you any more of the same kind? The Grocer—Yes'm. Got about a dozen left, from the same pig. Mrs. Newbryde—Oh, that's nice, Give me six of them.—Cleveland Leader.

—A stout couple was about to enter a London Omnibus. The man got in first, but his wife was so large that she couldn't get through the door. "Come in sidewise," admonished her husband. "Lor' bless you, John," said she, "I ain't got no sidewise."—Christian Register.

THE COTTON MARKET.

New York, September 15.—The cotton market was nervous and unsettled losing the gains of yesterday and closing steady but at practically the lowest point of the session with a net decline 6 to 14 points. Sales were estimated at 275,000 bales. The opening was firm at an advance of 4@8 points in response to higher English cables, and further rumors concerning the bull position in October. But there seemed to be no indication of support from the Wall street clique, commission and wire house longs were liquidating, local bears were aggressive and with one or two spot houses selling near months, the market soon weakened. With only two or three brief reactions prices continued to decline during the entire session being steadied a little toward the close by smaller shorts taking profits. Private reports from the South regarding the spot cotton situation continued of a bullish average, but according to official reports the larger markets were unchanged to 1-16 lower. Receipts for the day were full, but greatly exceed by exports. Weather reports indicated generally favorable conditions for picking and while private crop reports are conflicting, sentiment appears to look for a small September condition than the receipts.

Receipts of cotton at the ports today 35,632 bales against 24,867 last week and 32,873 last year. For the week (estimated) 210,000 bales against 157,-908 last week and 185,705 last year. Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How *can* he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how *can* you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

SPIRITS TURPENTINE.

—Raleigh News and Observer: Mr. J. E. Ligon, publisher of the Harnett County News, of Lillington, who was in the city yesterday, says there is much building going on in Lillington, and that several bandsome brick stores and residences are being erected.

—Raleigh News and Observer: "The Alloway Cemetery Company, of Red Springs, Robeson county, was granted a charter yesterday. The capital stock of the corporation is $5,000. The incorporators are: Martin McKinnon, R. F. DeVane, B. F. McMillan, L. M. Cook, A. T. McCallum, J. L. McMillan and W. E. Carrett, all of Red Springs."

—Duplin Journal: "The sympathy of this whole section of the county is extended to Mr. and Mrs. H. B. Dunn, of Carecta, in the loss of their three little children, Frank who died on August 21st, and little Emma and Myrtle, who died the next day, of that dreaded disease, diptheria, and all of whom were buried at the same time, in the family grave-yard. Their ages were 10, 3 1-2 and 1 1-2 years respectively."

—At Fayetteville a belt trolley line making a circuit of fifteen miles and taking in the mill centers of Hope Mills and Holton-Morgan village, is a probability of the near future. Beginning at the steamboat wharves, an expert engineer from a Northern syndicate, accompanied by a committee from the Fayetteville Chamber of Commerce, has just gone carefully over the route. The engineer considers this city ideal for an electric car system.

—Pender Chronicle: "Mr. A. W. Alderman, of Currie, recently killed a magnificent specimen of the bald-headed eagle on Moore's Creek, which measured 5 feet 3 inches from tip to tip. It is a rare thing to even find one of these birds so far inland."

—Pender Chronicle: "Mr. A. S. Wells, of South Washington, believes in raising family potatoes, just one being enough for a meal. They are 13 1-2 inches in circumference and 11 or 12 inches long."

—A man named J. F. Atkinson, who had been stopping at the Lumberton Hotel, Lumberton, with his wife and child, was arrested in Pembroke, whither he had fled with the little one after breaking into his wife's trunk and taking everything of value she posssessed. According to reports, Atkinson is accused of infidelity to his wife, the woman concerned having at one time been a guest in his own home. The man has been put under a $200 bond and his trial set from Monday.

—At Greensboro it is generally conceded that Dr. Egbert W. Smith, for many years pastor of the First Presbyterian church of this city, succeeding his father in the pastorate, has concluded to accept a call to the First Presbyterian Church of Louisville, and that the matter will come before the congregation for official action Sunday. Dr. Smith has within the past two years declined to consider several calls from Louisville, Nashville and from the First Presbyterian church, of Richmond.

—At Durham on Thursday an early morning raid of a house kept by D. F. West resulted in two charges being preferred against West, one for selling whiskey and another for keeping a bawdy house. Unable to give bond, West was committed to jail. A feature of the raid was the findlig of a married woman in a room with another woman's husband. The woman was taken to the police station and her own husband sent for. They left the station together, and later he accompanied her to the depot. The woman has left the city.

—Two little children, aged 7 and 9 years, of Mr. Oscar Yancey, a farmer who lives about two miles from Oxford, were bitten by a pet cat in their home last Wednesday, and they were taken to Baltimore for treatment, fearing hydrophobia. The cat was also carried that an examination might be made of the brain in search of hydrophobia germs. The cat had convulsions after biting the children. A letter from Johns Hopkins Hospital says the children have developed no unfavorable symptons so far and are receiving the pasteur treatment.

—A Salisbury dispatch on Wednesday says: A sensational encounter took place between two well-dressed strangers at the passenger station yesterday. The men appeared to be conversing peacefully, though with some animation, when one of the two, a man apparently about 50 years old, threw his hand to his hip pocket, exposing a pistol. The other instantly did likewise, and both with hands upon their guns, glared at each other. Just then a spectator shouted "police!" The men immediately vanished and nothing has since been seen of them. A man who heard of the incident and to whom the men were described says that a scandal at which all North Carolina would be amazed, is the source of the trouble.

—Pender Chronicle: "Dr. H. B. Thomas, brother of Rev. John Stanley Thomas, and Congressman Chas. R. Thomas, has decided to locate in Burgaw for the practice of his profession. He was educated in his home schools and was a student of the State University. His medical education was at the North Carolina Medical College and the Medical Department of Columbia University, Washington, D. C., and was licensed to practice medicine in 1898, in Charlotte. For nearly a year he was devoted to drug store business in Newbern, and now has an interest in The Croom Drug Co. With hospital experience and experience in the practice of medicine, he offers his professional services to Burgaw and this county."

—At Durham on Thursday the case of Wm. Barbee, charged with burglary, was heard before Justice of the Peace E. K. Powe. The prisoner was sent to the grand jury, being committed without bail. In the case the defendant is charged with burglarizing the home of his cousin, Reuben Barbee, the last-named being prosecuting witness. At the hearing Reuben Barbee and wife both swore positively that they caught William Barbee in their sleeping room at 4 o'clock of the morning, and that he was caught and held for some time, the prisoner begging them not to report the matter and to let it drop. The defendant relied upon an alibi. His father, mother, brother and three sisters all swore that he did not leave home that night. There was sickness in the family, and by this means they were up and knew that he was in the house. There was some discrepancy in their statements, however, and the trial justice thought it was a case for the grand jury. He was then recommitted to jail, where he has been since being arrested on Monday evening. At first William Barbee seemed to take the matter lightly and laughed at the charge. The case has now assumed a serious aspect, and if the accusation is proved in the higher court, it will mean the death penalty, as the charge is first degree burglary.

—Fayetteville correspondence, Raleigh News and Observer: The strong showing by The News and Observer of the blighting "insurance drain" in North Carolina, (over $3,000,0000.00 yearly!) has taken with our people in this section of the State in a most beneficial way. In addition to the life company, a strong organization backed by a number of the ablest men in this district, it is learned that a strong fire company is shortly to be organized also, known as the "Highland Home Insurance Company." It is estimated that the present Northern insurance drain from this district alone is over a thousand dollars a day in excess of that returned; and that in the sums returned we have simply been letting it out, in addition to paying high salaries and office expenses, for use in New York and Connecticut at 3 per cent. Hundred thousand dollar salaries and our money at 3 per cent! The wonder is that we are not poorer than we are.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor; why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Wilmington testimony:

B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Roan's Kidney Pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millons of mothers for their children while teething, with perfect success. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. **

SEVEN LIVES LOST IN FUSE FACTORY

Explosion Caused Fire and Men and Women Roasted to Death in Sight of the Crowd.

By Wire to The Morning Star.

Avon, Conn., Sept. 15.—The explosion of a fuse, followed by a fire in a building of the Climax Fuse Company here this afternoon, caused a panic among 20 employees in the building and resulted in the death of seven and injuries that doubtless will prove fatal to several others.

There was no way of coping with the flames which soon spread rapidly and in less than an hour after the explosion occurred those who were unable to escape were in the clutches of a fire that eventually burned their bodies to ashes. As the day wore on the great crowd that collected in the hamlet saw the bodies of men and women roasting in the fire, powerless to even check the flames. The exact cause of the accident may never be known, but it is the accepted theory here that in an effort to burn out a stoppage on one of the machines, a workman caused explosion of a fuse, with the iron he held in his hand. Those who were in the room where the explosion occurred say that the explosion was not severe and ordinarily would not have caused a panic. Inflammable material, however, was set on fire and in a few moments the room was a mass of flames. In an instant there was a mad rush for the doors and windows and during the scramble many were pushed back into the building while others were severely burned. Soon after the building in which the lives were lost was consumed the fire spread to the new structure which was just completed at a cost of $35,000 and in a few hours this building was gutted, only the four walls remaining. Two smaller buildings were reduced to ashes, making a total of four burned, the loss of which is estimated to be $100,000.

BRADSTREETS REVIEW.

Business in All Lines Continues Remarkably Active.

By Wire to the Morning Star.

New York, September 15.—Bradstreet's to-morrow will say:

Trade and industry continue remarkably active in nearly all lines. Fall distribution is in full swing, and in portions of the West is of unprecedented volume. Interior merchants are still greatly in evidence in many primary markets, three-fourths of the corn crop is out of danger of frost, iron and steel are in exceptionally good demand, with outputs heavily sold ahead and with prices tending upward and building material is apparently as active as at any preceeding period this year. Labor seems to be very well employed, though a few strikes, notably in the printing and building trades disturb the otherwise very quiet appearance of the industrial situation. Only at the South and there only because of fever quarantines and not owing to real lack of business, is there any appearance of irregularity of demand. At New York, the dry-goods business is less than a year ago, but Spring sales of dress goods are of good volume. Irregularities in the cotton market have made for some quiet in cotton goods but prices are firmly held. Business failures for the week ending September 14 number, 188 against 167 in the like week of 1904.

VISIBLE SUPPLY OF COTTON.

Secretary Hester's Report Makes It 2,646,662 Bales.

By Wire to The Morning Star

New Oorleans, September 15.—Secretary Hester's statement of the world's visible supply of cotton issued to-day shows the visible to be 2,646,662 bales against 2,564,378 last week and 1,227,840 last year anr 1,023,156 year before last.

Of this, the total of Aamerican cotton is 1,812,622, against 1,693,378 last week and 643,840 last year, and of all other kinds, including Egypt, Brazil, India, etc., 834,000 against 871,000 last week and 584,000 last year.

Of the world's visible supply of cotton as above there is now afloat and held in Great Britain and Continental Europe, 1,427,000 against 584,000 last year, in Egypt, 35,000 against 47,000 last year; in India, 549,000 against 304,000 last year; and in the United States, 376,000 against 293,000 last year.

GEORGIA EMBEZZLEMENT CASE.

Cashier Who Ran Away Had $11,700 In Mexican Banks.

By Wire to The Morning Star.

Sanderville, Ga., Sept. 15.—The case against former Cashier M. S. Potter, of the Bank of Davisboro, who was charged with embezzlement, forgery and larceny after trust went to the jury this afternoon and at a late hour tonight no verdict had been reached. Potter is being tried on the embezzlement charge. No defense was made other than that shown in the statement he made today, his contention being that the alleged shortage of $27,000 was due to errors of the bank's bookkeeper. Detective Thomas Hewitt, who captured Potter in Los Angeles, submitted two deposit books from banks in the City of Mexico, one showing $11,700 deposit made by Potter, and the other $1,850 and also a receipt for an automobile for which the defendant paid $358 in the City of Mexico.

MARK JACKSON'S BIRTH PLACE.

Daughters of Confederacy of Charlotte to Erect Monument.

By Wire to the Morning Star.

Charlotte, N. C., September 15.—The Mecklenburg Daughters of the Confederacy are raising funds to place a marker or a monument at the birth place of President Andrew Jackson, near Waxhaw, Union county. The house was long since demolished. In recent years there has been much dispute as to Jackson's birth place, but the Daughters have collected evidence which seems to substantiate fully the claim of Union county.

At St. Petersburg yesterday the imperial ukase abolishing the retaliatory duties on American imports was gazetted and placed in immediate effect at all the customs houses by telegraphic orders from the ministry of finance.

NARROW ESCAPE FOR GOV. GLENN

Automobile With Some of His Party Plunges Into a Deep Ravine

POET McNEILL BADLY HURT

Charlotte Observer Staff Man And Others Pinioned Under Machine—Four Injured, One Probably Fatally—Governor in Peril.

By Wire to The Morning Star.

Winchendon, Mass., September 15.—An automobile containing members of the party accompanying Governor R. B. Glenn, of North Carolina, plunged over a bridge on the road to Royalston here today and landed at the bottom of a ditch, pinioning the occupants underneath. The injured are:

J. C. McNeill, of the Charlotte Observer staff, badly cut about the head.

Guy Townsend, of Winchendon, seriously hurt.

Selectman Henry N. Raymond, of Winchendon, head cut and bruised.

Owen Hoban, lawyer, of Winchendon, knee injured and back sprained.

The motor car, containing Governor Glenn, was directly behind the automobile which met with the accident and only the prompt action of the chauffeur averted a collision between the two cars as the first automobile swerved from its course and crashed into the ditch, capsizing its passengers.

It is believed that all the injured will recover. Mr. Townsend was the most seriously hurt, having three broken ribs and a badly bruised head.

Governor Glenn and the members of his party arrived here today to take part in the Old Home Week Celebration. In the afternoon a visit was made in automobiles to Waterville. The party was returning when the accident occurred. The highway, approaching a bridge which spans a ravine, makes a sharp descent. Down this road the car driven by Mr. Townsend was speeding when, just at the end of the bridge a wagon obstructed the passage. To avoid an accident Mr. Townsend applied the full force of the brakes, at the same time steering to the left to escape the wagon. The motor car careened on its two side wheels, struck the railing of the bridge and then turning upside down crashed into the ditch. The softness of the undergrowth prevented a fatal termination of the accident since the occupants, who were at first pinned down by the machine, were able to crawl from their positions.

When the Townsend automobile stopped the car containing Governor Glenn and E. M. Whitney, a manufacturer of Winchendon, was close behind and Mr. Whitney who was driving, prevented a second accident by steering quickly out of danger. Governor Glenn and Mr. Whitney as well as other members of the party, who were near at hand, assisted the injured. Governor Glenn was scheduled to speak tonight at a mass meeting of the citizens of Winchendon.

Glenn Speaks About Negro.

Winchendon, Mass., Sept. 15.—R. B. Glenn, of North Carolina, was the guest of honor at a public reception and mass meeting in the town hall here tonight. Governor Glenn and a party of friends including Mayor Belding of Hot Springs, Ark.; Judge Norman Kitrell, of Houston, Texas, and Judge H. L. Bailey, of the Southern Pacific Railroad Company, came here this afternoon at the invitation of Rev. G. W. Solley. An automobile accident delayed the party's arrival. Dr. F. W. Russell, presided at the meeting. Governor Glenn spoke on "The Negro Problem." He told what the Southern whites were doing in the way of educating the negroes and making them useful citizens, and said that the only things denied the negroes in the South were social equality and the right to rule.

The Observer's Poet.

Charlotte, N. C., Sept. 15.—John Charles McNeill, who was seriously injured in the automobile accident near Royalston, Mass., this afternoon is a special staff correspondent of the Charlotte Observer and one of the best known writers and poets in the South. He was accompanying Governor Glenn on a tour of the New England states in the interest of the paper. His home is in Scotland county.

EMPRESS OF CHINA IS CLEVER.

Chatted With Miss Roosevelt and Made Handsome Gifts.

By Cable to The Morning Star.

Pekin, Sept. 15.—Noon.—Miss Alice Roosevelt, Mrs. Rockhill, wife of the American minister, Mrs. Newlands, wife of United States Senator Newlands, and other ladies of Miss Roosevelt's party, went to the Summer Palace Wednesday and spent the night. Yesterday they were received in formal audience by the Dowager Empress. Mrs. Rockhill, who was first presented to the Empress introduced Miss Roosevelt first and afterward the other ladies of the party. The Empress moved among the visitors, chatting informally and presenting them with handsome gifts of bracelets and rings. This was followed by an inspection of the grounds of the Summer Palace. The whole visit was remarkable on account of the absence of formality.

Returning to Pekin in the evening most of party attended an "at hame" at the German minister's home where General Corbin and wife and Senator Newlands and wife are being entertained. The party spent the day seeing the sights of Pekin. Tomorrow all will go to Tien Tsin to attend a receiption given by Viceroy Yuan Shaikai.

HORRIBLE MISTAKE OF SON.

Young Georgian Killed His Father for Burglar.

By Wire to The Morning Star.

Arlington, Ga., Sept. 15.—Rolly Miller, a prosperous farmer living 12 miles from Arlington, Baker county, was shot and instantly killed last night by his son. He had been in a neighbor's house to get a dog and returning at a late hour and not wishing to disturb the sleeping family, did not let them know of his presence in the house. Miller went into the dining room to eat before retiring and the son hearing some one in the dining room and thinking it was a burglar, slipped to the door and emptied the contents of a shot gun into the father. Almost instantly he discovered his mistake.

NEW ORLEANS FEVER RECORD

Average of New Cases High—Total Cases To Date, 2,205 and 331 Deaths—Other Fever News.

By Wire to The Morning Star

New Orleans, Sept. 15.—The following is the official report of the yellow fever situation at New Orleans up to 6 P. M. to-day:

New cases today, 43; total cases, to date, 2,505.

Deaths today, 2; total deaths to date, 331.

New foci, 6.

Cases under treatment, 330.

Cases discharged, 1,844.

The number of new cases continues larger than was hoped for but this has not had any dispairing effect on the people. The same air of hopefulness and confidence that the disease will eventually be stamped out exists and it is recalled that September is always the worst month for visitations, such as the present. In fact during the latter part of August, when the situation began to look so bright Dr. White warned the people in several of his speeches that the worst was still ahead of them and he pointed to the September records of previous epidemics.

There has been some talk about the possibility of the grand encampment of the Knights of Pythians scheduled to meet in New Orleans in September, 1905, being transferred to some other city, but in response to a letter from Colonel Blakeley, Dr. White wrote the following statement:

"That with the work now being done in the city at the present time and projected for the future, I see no reason for changing the place of meeting, and I am strongly of the opinion, on entirely logical grounds, that New Orleans will be in better sanitary condition in 1906 than in any preceeding year of her history, which has immediately followed an outbreak of yellow fever."

The diamond festival gotten up by a great popular movement for the purpose of completing the fund for the fever campaign, gives promise of being a great success. It is confidently predicted that the net proceeds will reach $20,000.

Country reports were a little more encouraging today there being fewer cases and fewer deaths reported than for some time. Lake Providence is now desirous of having the State take hold of the situation there, just as has been done at Tallulah, and two more physicians will be sent there. Reports are as follows: Wills' Wood, 2 cases; Strose, 3 cases; Kenner, 5 cases; Terre Bone Parish, 6 cases; Peterson, 19 cases; Tallulah, 18 cases; one death.

NEW YORK IS SURPRISED.

Conflict of Gould and Rockefeller Interests in Wabash Railroad.

By Wire to The Morning Star.

New York, Sept. 15.—Great surprise was expressed in the financial district of this city today when the public appeal of Joseph Ramsey, president of the Wabash railroad, to the stockholders of the company to continue him in office, became known.

At the office of George J. Gould no statement is to be obtained concerning Mr. Ramsey's action. John P. Ramsey, son of the president of the Wabash, was seen today. "At what do you estimate the holdings of the Gould party?" he was asked.

"I understand that they amount to 40 per cent," he replied.

"The next largest owners are the Rockefellers, are they not?"

"That is my understanding," replied Mr. Ramsey.

"My father," he continued," has the support of several large stockholders in this fight, and, of course, expects to win. There has been some dissatisfaction as to the way earnings have been applied. The views of my father on this point have clashed with those of Mr. Gould.

"There were only two ways of getting over this difficulty—my father should leave the company or else the control should be turned over to the interests in sympathy with his views. Mr. Ramsey was asked to surrender the office of president and was for doing so at once, but holders of large blocks of Wabash securities pursuaded him not to do so. The same interests now wish him not to sever his connection with the company at the expiration of his term, which occurrs on October 10, but to continue as president, and they have pledge their support in a fight to secure the turning over of the control to individuals holding the same views that he holds as to the best way of operating the road."

"Are these individuals the Rockefellers," Mr. Ramsey was asked.

"I really cannot say," he replied.

WARM WIRELETS.

At Tacoma, Wash., yesterday by a vote of 46 to 10 the American Board of Foreign Missions of the Congregationalist Church decided to table all resolution on the question of "tainted money." Dr. Washington Gladden made a long speech in favor of his resolution on the subject, which was introduced yesterday. He is the minister who so bitterly assails Mr. Rockefeller.

Near New York yesterday W. K. Vanderbilt's steam yacht Tarantula won from Howard Gould's steam yacht Niagara IV., in a race over a forty mile course for a $6,000 purse on Long Island sound. The Tarantula took the lear and finished the race far ahead of the Niagara. The couse was lined with pleasure craft of all kinds, and the surrounding hills and points of vantage were covered with people watching the race.

At Montgomery, Ala., yesterday on account of an alleged default of their contracts, Governor Jelks, chairman of the State text book commission instructed Attorney General Wilson to bring suit for damages against the several publishing companies who have agreed to furnish the books for the public schools of Alabama. Among the publishers who will be made defendants in the State's suit is the B. F. Johnson Publishing Company, Richmond, Va.

The Associated Press has reason to believe that the question of the demolition of the fortifications on the Norwegian frontier was discussed at today's session of the delegates of Norway and Sweden and that the discussion developed wide differences of opinion. The excitement at Stockholm and Christiana is increasing and the movement of troops to the frontier continues. The Associated Press in London is officially informed that there is no truth in the report that Foreign Secretary Lansdowne has been asked to arbitrate the question in dispute between Sweden and Norway.

Sensation Developed Before Insurance Investigation Committee Yesterday

MONEY TO CARRY ELECTIONS

New York Life Insurance Company Subscribed $48,702 to Republican Campaign Fund to Elect Roosevelt.

By Wire to The Morning Star.

New York, September 15.—George W. Perkins, member of the firm of J. P. Morgan & Co., and first vice president of the New York Life Insurance Company, was the star witness at today's session of the special legislative committee probing life insurance companies' methods and his testimony was replete with revelations in finance as applied by insurance companies. Mr. Perkins was first called just previous to the hour for luncheon. He resumed immediately after the recess and was on the stand when adjournment was taken for today.

The climax of the day came when Mr. Perkins was asked concerning an entry of $48.702 in a ledger, marked "ordered paid by the president." Mr. Randolph, the treasurer of the New York Life Company, who had been on the stand earlier in the day had been sharply questioned as to the purport of this entry, but he was unable to explain it. He thought no one but the president could. Mr. Perkins had been called to testify as to some other transactions and after a recess he was asked to produce the check. It was made out payable to J. P. Morgan & Co., and Mr. Perkins frankly stated it was a contribution to the National Republican campaign committee and had been paid to Cornelius N. Bliss. Mr. Perkins said:

"This payment was made after very careful consideration. It must not be considered an ordinary contribution to the campaign fund. It was paid because we felt the assets of the New York Life Insurance Company would be jeopardized by a Democratic success."

Mr. Perkins said contributions were also made in 1900 and in 1896. As an illustration, witness said the first contribution made was in 1896 by President McCall, who is a Democrat. "He contributed to the McKinley campaign fund and voted for McKinley because he felt it was in the best interests of the policy-holders of his company."

This bomb caused a murmur of conversation about the room which had become packed with spectators. Standing room was at a premium and every one bent forward to catch the testimony. This was hardly necessary for Mr. Perkins spoke distinctly in a voice audible throughout the room. He paced the small platform upon which the witness chair is placed, just before the committee's rostrum and accompanied his explanations with earnest gestures, often times suggesting questions to the counsel. Pursuing the check inquiry further Mr. Hughes, brought out that this expenditure was never brought to the attention of the finance committee, the witness terming it a "purely executive action." It was charged against cash on the books of the Hanover Bank office or financial department. The witness did not know against what account the other contributions were made but he would furnish data. Mr. Perkins here interposed:

"I would like to make one statement. The fact that the check is drawn to J. P. Morgan & Co. has no significance. I paid the money and it was merely because of a convenience of repayment that the check was made payable to J. P. Morgan & Co."

"What other contributions to political campaign funds have been made by the New York Life?"

"None to my knowledge."

Mr. Hughes asked Mr. Perkins to explain how on the books in the syndicate action by which $800,000 in bonds was sold on December 31, 1901, and bought back January 2, 1902, there was shown on the debit side of the accounts $160,000 and on the credit side $800,000, and Mr. Perkins replied:

"I am glad that you brought that matter up. In that transaction we asked for $5,000,000 of bonds and only got $4,000,000. We made up our minds to sell $800,000 of this sum, and our books therefore only showed $3,200,000. When it came to the end of the year we sold the $800,000 and instead of taking a loss of $160,000 we only took a loss of $80,000. I arranged with J. P. Morgan & Co. to sell it at a price and then I bought it back at the same price. After rebuying, I held on to it, and finally sold it at 90. Our first idea was to sell at 80, but we finally got 90."

The money was paid by check to J. P. Morgan & Co.

"Were not the sale and purchase about the $48,702 check to the commissioner of insurance?"

"No; it was not; securities were depressed at the time and it was considered a good deal."

"But the real purpose was to have your books read $3,200,000 instead of $4,000,000?"

"Yes."

Senator Armstrong here querried about the $48,000 check to the campaign fund. He asked:

"How came the check to be such an odd amount?"

"I do not know exactly, except that Mr. Bliss had asked for $50,000."

"Were you in a position to know of other campaign contributions?" asked Senator Armstrong.

"I don't know, that is a question that ought to be looked into. In all campaign contributions, I believe that the fullest publicity should be attached. They ought to be publicly known and there ought to be a law passed to that effect."

"Is there no self restraint allowed the officers in these campaign contributions?"

"None that I know of. I think we have a right to leave the matter to the judgment of the officers."

"If the president out of his own executive authority without reference to the finance committee pay out such large sums as these, how do they ever come before the officers of the company?"

"I have said the finance committee has no authority over the agency accounts and general expenses. I think there should be a broadening of this authority."

Mr. Perkins was closely questioned as to his dual connection with the New York Life and J. P. Morgan & Co., particularly as to sales by the one concern to the other, which were made by him. He insisted that he was loyal to both and acted as he thought right. Mr. Perkins was questioned as to the conduct of joint accounts which he originated. As to these joint accounts, Mr. Perkins said:

"When we desire a certain security, we go to a firm and tell them if they will take half of a quantity of bonds we will take the other half. These people sometimes say: 'We would like to do this, but it is inconvenient at this time; we haven't the money.' As we are looking to the loan of money we say, 'If you will be responsible for your share, we will loan you the money and withdraw our bonds, and carry the rest at bond interest on joint account."

Adjournment was taken to-day to enable members of the committee to return to their homes. There will be no session until Wednesday.

GIRL'S SUICIDE EXPLAINED.

Shot Herself Because of Report That Injured Her Character.

By Wire to The Morning Star

New York, September 15.—Lorenzo D. Berry, a carpenter, of West Mayford, Mass., to-day identified as that of his daughter Ella, the body of the young woman who committed suicide on Wednesday in the Hotel Manhattan. She was a stenographer in her home town, he said. Mr. Berry declared that the publication of an untrue story in a Boston paper a year ago that his daughter had run away with a married man was the cause of her self destruction. The next day, Mr. Berry said, it turned out that she had merely been on her vacation alone. Although the paper published a retraction, Mr. Barry added the injury done her was great, and she never recovered from it, but grew more and more downhearted and morose.

Miss Berry was employed, her father said, as a stenographer by the A. L. Picard Company, of Boston. About a year ago, he said Mr. Picard was committed to an insane asylum, but did not stay there long. He was released by a court order. During the time he was in the asylum, Miss Berry was in charge of the business. Mr. Picard returned to his office after his release from the asylum. He committed suicide in June last. His family took charge of his affairs and Miss Berry lost her place. The story was printed in the newspapers and made a scandal, but the girl's father declared that the attacks upon her reputation were wholly unjustified.

Boston, September 15.—Picard left Boston for the West in 1904, leaving a letter saying he could no longer live without Miss Berry. This letter subsequently gained publication. Later Miss Barry publicly denied that there was any truth in the charges hinted at in the letter. When Picard returned to the East, he disappeared for a while only to return to Boston in the early Summer for the purpose, it is alleged, of seeking a reconciliation with his wife, from whom he had parted, it was charged. He lived at the Hotel Rexford, and one day sent word to his wife to meet him there. Mrs. Pacard called at the hotel, but declined to go to her husband's room. She told the clerk that she feared bodily harm. Next morning the body of Picard was found in his room. At the time of his suicide the circumstances under which the man had left Boston and his letter concerning Miss Berry were publicly recalled.

YELLOW FEVER REFUGEES.

Among 200 at Cincinnati, Five Have the Dreaded Disease.

By Wire to The Morning Star.

Cincinnati, September 15.—At least five persons having yellow fever arrived here over the Queen and Crescent Line to-day. The train consisted of 200 refugees from Lake Providence, La., and Tallulah, La., who were fleeing from the yellow fever. When the train reached Lexington, several persons who were sick attempted to escape, but were caught by the police and forced back on the train. All the other passengers of the train were allowed to go to their destinations, but the names and addresses of all were taken and they can be reached by the authorities if needed. After thorough investigation the suspected cases were declared to be yellow fever and the patients were isolated.

AFRICA EXPLORER DEAD.

Count de Brazza Dies While Returning from Expedition.

By Cable to The Morning Star.

Paris, September 15.—The minister of the colonies to-day received a cable dispatch from the Governor of French West Africa announcing the death of Count de Brazza, the explorer. The minister notified Countess de Brazza saying that France had lost one of her most glorious citizens. President Loubet also telegraphed his condolences to the countess. Count de Brazza was returning from a special mission to Central Africa to investigate charges of cruelty against natives when he was attacked by acute dysentery which was aggraved by the fatigues and voyage.

By Cable to The Morning Star.

St. Petersburg, Sept. 15.—A private dispatch from Tiflis says that there was firing last night at various points in the Baku district, and that there were many skimishes resulting in considerable loss of life. The situation, the dispatch says, is alarming and that there is great uneasiness among the Tartars.

The oil men here have received information that the insurgents threaten to kill the operatives when they resume work, and to burn the works now in course of re-construction.

OLSON DEFEATS JAP WRESTLER.

Jiu Jitsu Exponent Lost His Shirt at Asheville.

Asheville, N. C., Sep. 15—Charles Olson, of Peoria, Ills., tonight defeated Professor A. Ono, instructor of jiu jitsu at Annapolis Naval Academy, in a mixed wrestling contest to-night. There was only one bout, which lasted an hour, Ono giving up when Olson had strangled him for nearly ten minutes. By Ono's stipulation Olson wore the jiu jitsu shirt, and it was this which defeated the Japanese expert.
